## Frontend Developer

House No. 45 Aanda Bazar, Burhanpur, | +91 9301197150 | [mmalik32997@gmail.com](mailto:mmalik32997@gmail.com)

---

### Professional Summary

Motivated and detail-oriented Front-End Developer with strong knowledge of HTML5, CSS3, JavaScript, and Tailwind CSS. Proficient in responsive web design, basic React.js, and version control systems like Git and GitHub. Eager to join an innovative organization where I can contribute to user-centric projects, continuously learn new technologies, and enhance user experiences. Highly adaptable, collaborative, and committed to delivering high-quality, optimized web solutions.

### Core Skills

Front-End Web Development | HTML5, CSS3, Tailwind CSS | JavaScript, React js  
Responsive Web Design | Git, GitHub (Version Control)

### Projects

#### Shopnest – E-commerce Website

- Developed a responsive multi-page e-commerce website using **HTML5, CSS3, and JavaScript**
- Implemented an intuitive user interface including homepage, contact form, service sections, and add-to-cart functionality.
- Focused on mobile-first design principles and ensured optimal page load speeds.

#### Eid Card Generator

- Created an interactive Eid Card Generator featuring animated intro pages using **CSS animations**.
- Utilized JavaScript for real-time card preview customization, enhancing user engagement.
- Applied responsive design ensuring compatibility across all devices.

#### Hotel Management system

- Built a multi-page hotel management website using **HTML, Tailwind CSS, and JavaScript** (very minimal custom CSS).
- Key pages include: **Home, About, Services, Booking, and Contact** – enabling smooth navigation and user experience.
- Booking section allows users to submit room inquiries through a functional form.
- Designed with **Tailwind CSS utility classes** to maintain a modern and clean layout.
- Fully responsive and optimized for mobile and desktop viewports.
- Live Site: <https://radiant-sopapillas-b4d9ee.netlify.app>

## Currency – Convertor

- **Real-time currency conversion:** Built a dynamic currency converter fetching up-to-date exchange rates for multiple currencies.
- **Custom history tracking:** Implemented a feature to store and display conversion history, enabling users to revisit previous conversions easily.
- **Light/Dark mode toggle:** Included theme-switching functionality for user preference and improved accessibility.
- **Trending rate overview:** Displayed today's trending exchange rates like USD → INR, EUR → USD, GBP → JPY for quick reference.
- **Responsive UI design:** Designed a clean and intuitive interface optimized for both desktop and mobile users.
- **Performance & UX focus:** Ensured fast load times and smooth interactions, enhancing the user experience.
- **Live site:** [currency-convertor-mehran.netlify.app](https://currency-convertor-mehran.netlify.app)

### Education

Diploma in Computer Science Engineering (Pursuing) | Expected Completion: 2026  
*Thakur Shivkumarsingh Memorial Polytechnic College, RGPV University |Burhanpur (M.P.)*

### Professional Strengths

- Fast Learner with a Growth Mindset
- Strong Analytical and Problem-Solving Skills
- Effective Communication and Team Collaboration
- Ability to Adapt to New Tools and Technologies
- Passion for Clean, Scalable, and Maintainable Code

### Technical Hobbies

- Exploring Front-End Frameworks (e.g., , Next.js)
- Creating Responsive UI Designs
- Learning about UI/UX Best Practices
- Following Latest Web Development Trends
